

Descargar Crystal Report 11 Full Español Serial Gratis

The screenshot illustrates the process of resolving a Crystal Reports runtime error in Visual Studio. It features three overlapping windows:

- Visual Studio (Administrator):** Shows a web application with a "Crystal Reports" error dialog box. The error message reads: "An error has occurred while attempting to load the Crystal Reports runtime. Either the Crystal Reports registry key permissions are insufficient, or the Crystal Reports runtime is not installed correctly. Please install the appropriate Crystal Reports redistributable (CRRedist*.msi) containing the correct version of the Crystal Reports runtime (x86, x64, or Itanium) required. Please go to <http://www.businessobjects.com/support> for more information."
- File Explorer:** Displays a folder named "New folder" containing two files: "CRRedist_13_0_2" and "CRruntime_32bit_13_0_2".
- Control Panel (Programs and Features):** Shows a list of installed programs. The entry "SAP Crystal Reports runtime engine for .NET Framework 4 (32-bit)" is highlighted, with its version "13.0.2.469" also highlighted.

Red arrows indicate the flow of information: from the error message to the file explorer, and then to the specific program entry in the Control Panel.

Name	Publisher	Installed On	Size	Version
SAP Crystal Reports runtime engine for .NET Framework 4 (32-bit)	SAP	28.12.2011	194 MB	13.0.2.469
