About This Game

Prepare yourself as you step into a world writhing in chaos. Warlords Awakening, a remastered MMORPG that will place you on a journey to become an Elite Lord with an action packed story and ominous monsters around every corner. Explore and conquer the world of Epehia together with the cute and dashing pets to choose from. Epic dungeons and raids await you, as well as the loot they bear. It is time for....Warlords Awakening.

Key Features

Sharpen Your Blade for a Massacre

- Embark on quests throughout Epehia, keeping your weapon primed for what lies ahead. What friends and foes will you meet in each new area?
- Many challenges, battles and achievements for all of your characters
- Hordes of enemies will meet their fate at your hands in a massacre never before seen in online games
- Gather your friends and take on some of the world's most formidable bosses to repair the very fabric of reality. Will you be strong enough?

Classes, Battle Stances and Flawless Combat

-
- Choose from 5 unique classes! The Blood Knight, Mage, Psychic, Hunter and Assassin offer differing ways to slay your enemies
 - Each class can fight in three different battle stances. Pick your battle stance depending on the situation and decimate your enemies
 - Seamlessly switch between stances giving you up to 18 skills at your disposal at any time
 - Reach the status of Elite Lord and take your stances to the next level
 - Develop your own unique style with the three different skill trees for each class. Determine the best spells for you to battle with!
 - Slaughter your way through endless enemies and achieving the highest combos possible

Wide Range of Weapons and Gear. Weapons and Gear to Make You a Warlord

- Collect the most terrifying weapons and gear to wreak havoc. Create the strongest Warlord in the world with the endless combinations
- Reap the coveted spoils of all the dungeons and raids

Pets Galore!

- Never travel alone with the huge variety of pets and mounts that will tag along as you traverse the massive world of Epeia
- Combined and breed different pets to get special benefits

Real-Time Stunning PvP

- Join forces with up to 3 friends to take on other players in the different PvP modes Warlords Awakening has to offer!

OOS.1 BOOBY-TRAPS

GMs may add whatever traps they desire (to fit them to the needs of the party). However, PCs may make use of them later (see below). Here are several examples.

- A bridge, consisting of three logs laid side by side, has been sawed through and will dump any adventurers who cross into a deep part of the river. Heavily-laden adventurers take a -2 circumstance penalty to their Swim Check. Failure indicates they are rescued by their fellow adventurers at a shallow part of the river.

OOS.2 OTHER PROTECTION

In addition to the traps, the Orcs have set up several other types of protection which adventurers must contend with. Some are lethal, but most were designed to delay intruders while the Orcs set up defenses. Unfortunately, now they are nearly useless. The following are several examples, but GMs may add or change any as necessary.

- A lone, moss-covered, stripped of limbs allow tripwire is hidden in the trees. Adventurers who fall to damage from the fall, if (discretion) twist an ankle and the rest of the day.
- The deep crossing, Her the river. It isn't too deep, but the Orcs dug several pits difficult to see given the slimy wood which bre underneath is a specie locally as "bloody foot" allergic dermatitis (sin without heavy armor or with it, if so, the plants for about three hours) the antidote, see below -1 circumstance penal

OOS.3 OFF THE BEATEN PATH

Ingenious players may try going off the path to the village they will find it difficult. First, the map has no scale and it's quite inaccurate. Second, there are no solid trails (save the Orcs) and the undergrowth is quite thick in many places (slowing down progress significantly). Finally, tramping through the woods may lead to random encounters with monsters the island. Examples include the Dire Rats out foraging and Giant wandering the forest. Both could be encountered anywhere on the island. In addition, adventurers strive to come up behind the village (above). Should adventurers give them directions if they speak to interest him (GMs discretion).

OOS.4 OIO - PART

At last you seem to Creek. It squats in more than 100 yards with sharpened log there are several appear to have fall damage is quite re standing, but one through the village appears to be some movement inside, but less than expected for a village filled with Orcs.

Operation: Anchorage is the first dlc released for Fallout 3.

The dlc takes place in, like the name suggests, Anchorage, Alaska. A very beautiful mountain landscape, which I personally really enjoyed.

There is not that much of a story to it, it feels mostly like a regular sidequest, with the only exception that it have it's own map. The player walks an almost straight line from point A to point B while fighting Chinese soldiers, to liberate Anchorage. However, it is still fun and really enjoyable.

The dlc's gameplay diverse a bit from main game's. You still shoot people like you do in the main game, but if you find yourself low on health or ammo, there will health and ammo dispenser, placed throughout the map, that refills your health and ammo.

The dlc also adds new weapons and armor, which you will be awarded upon completing it.

Overall, Operation: Anchorage is a fun and enjoyable dlc, that is worth the price tag.. could have been great - but looks like its dead in the water.. i'm trying to use playclaw but whenever i launch it it dissapears and i dont know what to do and i dont even touch anything it might be my computer but i just need this to work its also kind of complicated i still recommend it though. I don't know what I bought this at but if it was more than a dollar I feel bad.

It's not a good game to me.

Literally all it is is pressing a spacebar while physcadelic happens.

Please don't buy it unless you're okay with wasting a dollar. DTG !

Where is my DB BR 155

AND Lots of wagons ?

habbin wagons !

I initially purchased this game back in 2003 and didn't hesitate to purchase a copy on Steam. The gameplay is solid and simple with enough variability to give it good replay value. Very enjoyable with good music and graphics considering its age. Well worth the price for an indie game.. what a joke dont buy its really old school call of duty. First Review ever...

Played this game when first came out was great and loved the Pvp and didnt need to spend much money to be competitive... Now a total cash grab dont expect to be a great Pvp setting without spending at least \$1500 on gems artifacts and the whole lot to be anywhere near top tier!

Real shame was a great game that has been totally ruined... sad to see what it has become stop being so greedy ARC!. It's a sad day when a game called Trainiac is better than most big-name games out there. It's nice to see some of DE:MD's Prague in VR and it's free, so yes it's recommended unless you're prone to motion sickness since there's no teleporting.. I really like the games art style and was really looking forward to playing it but it is clear the game is not finished. From missing button icons to menu strings. While the game is playable there is so much in the way between the player and having a good time.. Simple and cheap. I use to like snake game decades ago but for me this type of gameplay hasn't aged well for me.

But that isn't the games fault, I simply find the game to be too frustrating to be much fun for long. Good for what it is though.
